

# Second Annual Cooper Young Garden Walk

May 20-21

By Denise Cox

**T**he Cooper-Young Garden Walk 2017 revels in gardens with personality. The limitations of small, urban gardens become the upsides of quaint, quirky, and imaginative gardens that fully utilize space and purpose. Visit gardens with chickens, beehives, raised beds, funky art, secluded patios, fountains, ponds, outdoor showers, she sheds, organic gardens, a Pagoda, and so much more. Visitors will discover creative solutions to deal with shade, tiny spaces, and privacy in urban gardens right in the heart of an historic, vibrant neighborhood of bungalows, Queen Anne, Second Empire, Craftsman, Colonial Revival, and Civil War-era cottages.
